

Day surgery network

Members of all benefit options must use a network day surgery when they need to undergo ophthalmological, endoscopic, ear, nose and throat procedures, removal of skin lesions and circumcisions.

Specialist network

Because certain specialists only admit patients to the hospital where they have their consultation rooms, members must make sure their specialists operate at a network hospital.

Where to find a network day surgery

Medihelp's website has an updated list of network hospitals, day clinics/ surgeries and specialists.

Visit www.medihelp.co.za

Download the Medihelp member

app which is available for these devices:  

Information needed for pre-authorisation

- Membership number and details of the patient
- The procedure and diagnosis codes (get these from the doctor)
- The treating doctor's details and practice number
- The details of the hospital where the patient will be admitted and the practice number
- The date and time of admission
- For certain procedures, additional information may be required, such as medical reports, X-rays or blood test results. Medihelp's pre-authorisation consultant will indicate what is needed
- Details of the anaesthetist

Pre-authorisation of hospital admissions

Emergency admissions

Authorise on the first workday after an emergency admission.

Planned admissions

All day surgery admissions must be pre-authorized well in advance because Medihelp may require more information from the doctor, e.g. test results or reports.

Authorisation platforms

Visit the Member Zone (secured website for members) at www.medihelp.co.za

086 0200 678

hospitalauth@medihelp.co.za

012 336 9535

Use the Medihelp member app, and select e-services to request pre-authorization

Dental procedures

Contact Dental Risk Company (DRC)

Tel: 087 943 9618

Email: auth@dentalrisk.com

Avoid co-payments

Pre-authorization will ensure that a 20% co-payment does not apply

A 35% co-payment will apply if the listed procedures are not obtained in a day surgery network

Day surgery network

It is important that members of all benefit options should undergo planned ophthalmological, endoscopic and ear, nose and throat procedures, skin lesion removal and circumcisions at one of the day surgeries below. By using the day surgery network for these services, you will avoid additional expenses.
