Day procedure network

Members on all Medihelp's plans must use the day procedure network (DPN) for the following surgical procedures:

- Ophthalmological procedures
- Endoscopic procedures
- Ear, nose, and throat procedures
- Removal of skin lesions
- Circumcisions
- Dental procedures

Med**Move!** members must have all procedures performed at a DPN facility, not just the procedures listed above.

If a procedure that is clinically appropriate for such a facility is voluntarily performed at another facility, the member will be responsible for a 35%- co-payment on the benefit amount available under their plan. The DPN is made up by all day hospitals plus various acute hospitals.

Where can you authorise admission?

- Member Zone/Medihelp app
- Phone: 086 0200 678
- Email: hospitalauth@medihelp.co.za
