

# Necesse hospital network

Members of the Necesse network benefit options must be admitted to one of the network hospitals or day clinics when they need to undergo planned procedures.

## Specialist network

Because certain specialists only admit patients to the hospital where they have their consultation rooms, ensure that the specialist operates at a network hospital. A specialist in the specialist network for the Necesse network options should be used for prescribed minimum benefits (PMB).

## Where to find a network hospital

Medihelp's website lists the updated list of network hospitals, day clinics and specialists. Visit [www.medihelp.co.za](http://www.medihelp.co.za)

Download the Medihelp member app which is available on these devices:

## Information needed for pre-authorization

- Membership number and details of the patient
- The procedure and diagnosis codes (get these from the doctor)
- The treating doctor's details and practice number
- The details of the hospital to which the patient will be admitted and the practice number
- The date and time of admission
- For certain procedures, additional information may be required, such as medical reports, X-rays or blood test results. Medihelp's pre-authorization consultant will indicate what is needed
- Details of the anaesthetist

## Pre-authorization of hospital admissions

### Emergency admissions

Authorise on the 1st workday after an emergency admission.

## Planned admissions

All hospital and day clinic admissions must be pre-authorized well in advance because Medihelp may require more information from the doctor, e.g. test results or reports.

### Authorisation platforms

Visit the Member Zone (secured website for members) at [www.medihelp.co.za](http://www.medihelp.co.za)

086 0200 678

[hospitalauth@medihelp.co.za](mailto:hospitalauth@medihelp.co.za)

012 336 9535

Use the Medihelp member app, and select e-services to request pre-authorization

**Dental procedures**  
Contact Dental Risk Company (DRC)  
Tel: 087 943 9618  
Email: [auth@dentalrisk.com](mailto:auth@dentalrisk.com)

## Avoid co-payments

Pre-authorization will ensure that a 20% co-payment does not apply

A 35% co-payment will apply to voluntary admissions to non-network hospitals
