Network facilities 2024

Medihelp hospital and day procedure network

Medihelp has negotiated special tariffs with elected good quality private hospitals and day care facilities to ensure members' access to quality, affordable care. It also enables us to offer the MedMove! and Elect options at a reduced premium. These facilities have been matched with the national footprint of Medihelp's membership and the network specialists who operate at these facilities.

Hospital networks (HN)

Members of plans where Elect forms part of the product name and MedMove! members are required to obtain care at a hospital in the quality national network to avoid co-payments.

Day procedure networks (DPN)

For members of the Elect plans, certain day procedures are only covered if performed in one of our day procedure facilities, and for MedMove! members this applies to all day procedures. Your Medihelp authorisation schedule will indicate whether you are required to obtain care within this network. These procedures are **ophthalmological, endoscopic, ear, nose, and throat procedures, skin lesion removal, circumcisions, and dental procedures.**

Where can you authorise admission?

- Member Zone/Medihelp app

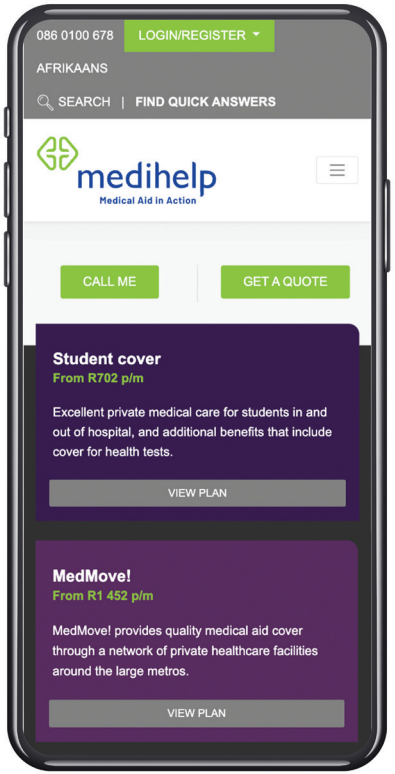
How to locate a healthcare provider in your area

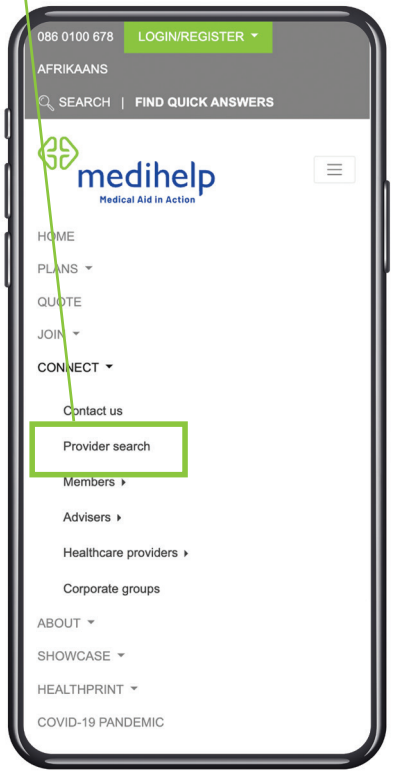
1

Visit **www.medihelp.co.za**



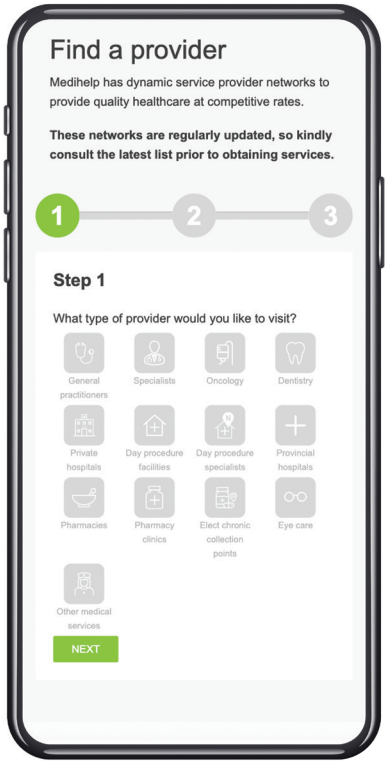
2

Click on **Connect – Provider search**



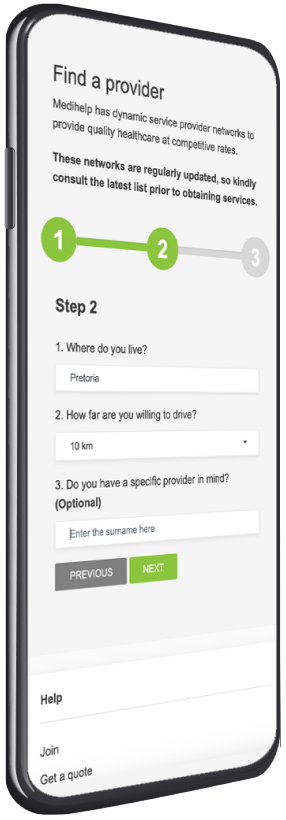
3

Select the type of provider you would like to visit and click **Next**



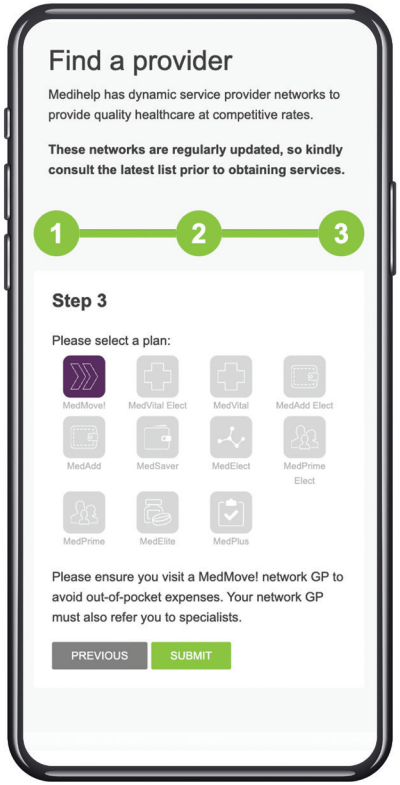
4

Enter your location and search radius and click **Next**



5

Select your benefit option and click **Submit.** A list of relevant healthcare providers will display.



Members can locate a healthcare provider using Medihelp's member app

1

Download Medihelp's member app from **Google Play/iStore/Huawei AppGallery**

2

Log in using your **Member Zone username** and **password**

3

Click on **Find a provider**

4

Enter your location and select the type of provider you need to visit. Click on **Continue search.**

5

If you want to locate a specific provider, enter the provider's surname or practice number. Then click on **View map.** A list of relevant healthcare providers will display.
